

ADVANCE RELEASE

Industrial Production Statistics (IPS)
Bangladesh Bureau Of Statistics

April /2007

Issue-10

This advance release on monthly statistics of selected industrial production is one of the releases brought out regularly by BBS and is intended to provide current production statistics on major manufacturing items.

The release includes trends of major industrial production, indices of medium and large-scale manufacturing industries, production and indices of mining and electricity, performance of selected manufacturing establishments in the public and private sectors and major production at 4-digit industry level.

Data collected from state owned manufacturing enterprises (SOEs) and major manufacturing enterprises in the private sector are covered in this advance release. BBS is constantly monitoring monthly production data and in case where actual production figures are not available at the time of reporting, estimated figures have been used and these data are subsequently revised and reflected in the following issues of advance release and Monthly Statistical Bulletin of BBS.

The present format of advance release on Industrial Production Statistics (IPS) has been changed from the previous one taking into consideration of users' convenience. Comments from users for any inclusion, omission or presentation of data towards improvement of the release are most welcome.
